Hi, I'm a web developer living and working in Portland, Oregon. I have a wide variety of experience, and am always looking to learn more. I have strong proficiencies in current web technologies, but more importantly I have a focus on finding solutions to business problems, and working with a team to build durable and effective products. I'm eager and quick to learn, and am an enthusiastic and curious teammate. I'd love to learn more about your company!

## WORK EXPERIENCE

### WLCR.IO

Tech Lead | Aug 2018 - Current

- Successfully lead and participated in dozens of projects, primarily eCommerce (Shopify) and marketing website builds (Wordpress, NextJS, static sites)
- Focus on creating strong systems and processes, team building, and innovation
- Helped implement many dev processes - including the adoption of git & Github, created custom build processes, workflows, and identified and implemented a variety of modern stacks
- Interfaced with clients, designers and project managers, in addition to working closely with a strong team of developers

### DANGER CODE

Full-Stack Developer, Owner | May 2013 - 2021

- Ran all aspects of a Wordpress-focused development business, including interfacing with clients and designers, project management, and business accounting and licensing

### MENOMONIE MARKET FOOD CO-OP

Purchasing and It Manager | Jun 2006 - Jan 2016

- Helped to build a small local food co-op into a successful and thriving community hub
- Created and implemented processes across the entire company
- Participated in a rebrand, new website build, and move to a new physical location - including helping inform the construction of a new structure
